Hi Shelly – is this something I should be concerned about?

Subject: EdgeWave Press Release

Patrick – I just left you a VM. Please forward this to your marketing events team. Its important they understand they are being scammed. I sent this letter out to the vendor community a while ago. Please have them call or email me with questions. Thanks .

You may have been contacted by Shelly Fitzgerald of Tech Summits and I wanted to clear up any confusion that is being created.

As founder of the Tech Summits concept, I partnered with Michael Price of Bizsummits to do my event marketing in January 2015. Shortly after, It was brought to my attention by one of my sponsoring companies that Mr. Price and his various organizations were spammers on a massive scale. After doing my own research into the background, I decided I could no longer continue with the partnership. I knew I had to re-launch and rebrand the company and had no choice but to distance myself so as to not further impact my events and my reputation, one which I have built over 20 years working with IT Industry leading manufacturers and their partners.

I rebranded and started a new company with Karen Healy, (No Relation). Karen is a 30 year veteran of the events industry. She launched Gartner IT Symposium and IT Expo years ago. Her reputation and credibility is in keeping with the brand I had initially intended to create. Together we have created G2 Summits.

I apologize for any confusion this may have caused you and for the inconvenience of being contacted and given misinformation. Every past event on Tech Summits website that they are touting, I produced, sold and hosted.

Shelly Fitzgerald was my assistant and has never produced or even attended one of them. Since ending my relationship with them they have cancelled every event they had scheduled , over 16 so far and Los angles will be no exception . They owe many sponsors of these cancelled events money which is why the parent company under the leadership of Michael Price has an "F" rating with the better business bureau.
